

ELECTRONIC FAA ACCELERATED AND SIMPLIFIED TASKS (eFAST)

eFAST MOA Contract No.: DTFAWA10A-00167

Integral Consulting Services, Inc. (Integral) is the Prime Contractor for the Federal Aviation Administration Master Ordering Agreements (MOAs) for Small Businesses to provide comprehensive management, engineering and technical support services. eFAST is a multi-year MOA program offering a wide array of labor categories with fixed ceiling rates. eFAST is the FAA's preferred acquisition vehicle for fulfilling Agency Small Business goals. Integral's contract covers the following Functional Areas:

- **FA 2:** Business Administration and Management
- **FA 5:** Computer/Information Systems Development
- **FA 6:** Computer Systems Support

ABOUT COMPANY

Integral is a leading provider of Information Technology solutions, with special expertise in multimodal biometrics, web-based applications and Enterprise IT Management. Integral uses its technological expertise and domain knowledge to solve problems of vital national security and critical IT infrastructure, and to improve organization effectiveness. We serve customers in the Department of Defense, the Department of Homeland Security and other government and commercial enterprises.

We are passionate about creating custom solutions to meet clients' objectives and exceed their expectations. Our work for Federal clients and private enterprise demonstrates our strengths in combining a highly skilled workforce, the latest technologies and proven development methodology.

AWARDS AND CERTIFICATIONS

- CMMI Level 2 Certified
- Dun & Bradstreet's "Top Rating" in 2009
- Minority Enterprise Council's 2008 CEO Award
- Microsoft Certified Partner
- SBA Certified 8(a), Woman-owned SDB

MISSION

Integral seeks to establish long-term, strategic relationships that solve mission-critical problems using innovative technology and proven methodologies to deliver highest quality, best value solutions exceeding customers' expectations.

OUR CORE VALUES

- **Customer First:** We prioritize our customers' objectives in every interaction.
- **Commitment:** We vow to meet our customer commitments.
- **Teamwork:** We apply collective resources to achieve our goals.
- **Performance:** We bring a passion for exceeding our clients' expectations.

CORPORATE CAPABILITIES

Integral offers a broad range of services to address our customer's needs.

BIOMETRIC SOLUTIONS

Integral is a pioneer in multimodal biometrics that address the unique physical characteristics of an individual to help accurately identify a person. We provide a full range of biometrics solutions to fight identity theft and terrorism using multimodal biometrics, such as face, finger, palm, and iris technologies. Our solutions serve government, law enforcement, transportation and border management and enhance the effectiveness of our war fighters. Our work examines the applicability of different biometrics in real-life environments. Integral has provided biometric solutions to DoD, DHS, FAMS, DTRA, DC DOC, and TSWG.

E-SOLUTIONS

Integral's strength is in the design and implementation of secure Web-based Enterprise Solutions (Web Portals, Self-Service Web applications, eLearning applications) using Object-Oriented Design, Service Oriented Architecture (SOA), Web Services, XML, J2EE and .Net technologies, SQL Server and Oracle Databases, and Visual Analytics. We web-enable legacy applications, create new e-business services to connect customers, suppliers and employees over the Web, and develop self-service, information sharing portals.

INFORMATION SHARING & COLLABORATION

Integral helps solve the challenges of Information Sharing and Collaboration through:

- *Collection, verification and consolidation* of information.
- *Efficient and accurate structuring* of information databases.
- *Information analysis* to detect, deter and mitigate threats to our homeland.
- *Information security* to ensure the protection and controlled sharing of information.
- *Efficient and timely access* to information.
