

Corporate Capabilities

OUR COMPANY

Integral Consulting Services, Inc. (Integral) develops multimodal biometrics solutions, performs all source intelligence analysis, implements IT Service Management (ITSM) solutions, provides IT helpdesk support, develops custom applications, and assists in cybersecurity protection to federal civilian and defense agencies and Intelligence Community. We are committed to helping our clients achieve their mission objectives by providing the highest-quality solution, backed by our CMMI-DEV/3, CMMI-SVC/3, ISO 9001, ISO 20000 and ISO 27001 certifications.

OUR MISSION

Establish long-term strategic partnerships with our clients to solve their mission-critical problems using innovative technology, agile methodologies and delivering highest-quality solutions at the best value, exceeding client expectations.

OUR CORE CAPABILITIES

Our highly qualified personnel use their technological expertise and Integral's open systems standards, proven agile methodologies, and project management discipline to build and implement a wide range of solutions in our core competencies for our clients. Applying our core capabilities in multimodal biometrics, identity intelligence (I2), cybersecurity, application solutions, IT service management, records management, and mission support services, we put our passion for mission success to work for our clients every day.

“Exceeding
Expectations...”

Multimodal Biometrics

- ❖ Design and implement Identity solutions using multimodal biometrics – (face, fingerprint, iris, palm and heartbeat)
- ❖ Apply Biometric-Enabled Intelligence (BEI) to perform identity matching

Intelligence Analysis

- ❖ Policies, standards, and training development for BEI, forensic-enabled intelligence (FEI), and Identity Intelligence
- ❖ All-source intelligence and counterintelligence analysis
- ❖ Center of Excellence for Open Source Intelligence (OSINT) offering training, intelligence analysis, and comprehensive data analytics using social media sources

Cybersecurity

- ❖ Computer security incident analysis and response
- ❖ Vulnerability analysis and intrusion detection
- ❖ Network traffic security monitoring and protection
- ❖ Information Assurance and Certification & Accreditation

IT Service Management and Helpdesk Support

- ❖ Implement IT Service Management solutions—service desk, service catalog, configuration, patch, change and asset management
- ❖ Provide Tier 1, Tier 2 and Tier 3 IT and Applications Service Desk support

DevOps and Agile Approach

- ❖ Design/Development of enterprise applications using Agile methodology and Service-Oriented Architecture (SOA)
- ❖ Perform enterprise application Operations & Maintenance

Cloud Computing Support

- ❖ Perform server virtualization and cloud computing migration
- ❖ Migrate customer applications to cloud environment

Mission Support Services

- ❖ Acquisition and financial management
- ❖ Program Management
- ❖ Business operations support
- ❖ Weapons of mass destruction treaty compliance

SELECTED PAST PERFORMANCE

- Department of State NextGen Passport Personalization
