

Power of Unified IT using Ivanti Solutions

Integral Consulting Services, Inc. (Integral) is Ivanti's National Solutions Partner and a Reseller to implement and support Unified IT Management solutions using the following suite of products:

- Ivanti Service Manager
- Ivanti Asset Manager
- Ivanti Unified Endpoint Management
- Ivanti Identity Management and Automation
- Ivanti User Workspace Management

Integral has established an Ivanti Center of Excellence comprises Ivanti's Unified IT products, a platform to prototype and demonstrate client solutions, and a team of certified and experienced professionals.

We use a service life-cycle methodology based on the Information Technology Infrastructure Library (ITIL) v3 to implement ITSM solutions:

We have successfully served dozens of federal and commercial clients, including Consumer Product Safety Commission, Treasury Financial Crimes Enforcement Network, Government Accountability Office, U.S. Coast Guard, Treasury Inspector General for Tax Administration, FM Global, Summa Health Systems, State of New Mexico, State of West Virginia, Peoples United Bank, MDRC, Howard University and many more.

About Us

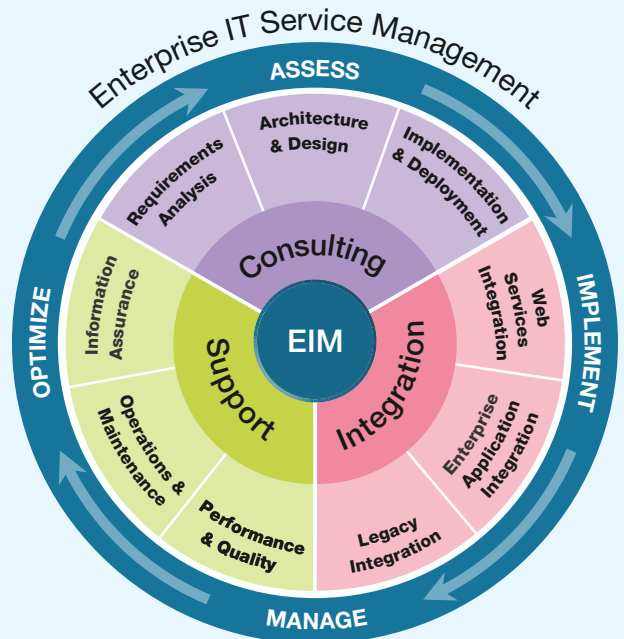

Integral Consulting Services, Inc. (Integral) develops multimodal biometrics solutions, performs all source intelligence analysis, implements IT Service Management (ITSM) solutions, provides IT helpdesk support, develops custom applications, and assists in cybersecurity protection to federal civilian and defense agencies and Intelligence Community. We are committed to helping our clients achieve their mission objectives by providing the highest-quality solutions, backed by our CMMI-DEV/3, CMMI-SVC/3, ISO 9001, ISO 20000 and ISO 27001 certifications.

“ EXCEEDING EXPECTATIONS... ”

Integral offers an enterprise approach to managing client's IT environment using well-integrated and unified IT Management solutions rather than a siloed approach that is expensive to manage and maintain.

We assist our clients in developing, optimizing and improving their business processes related to IT Management. We apply best practices, our proven decade of successful IT Management experience, our certified and experienced staff, and our institutionalized and certified methodologies.
