WHY TEAM INTEGRAL

- Understanding and Expertise.** With more than 20 years of support to USDA, we offer the deep understanding of a highly qualified team with a track record of success in providing similar support to physical security programs across the government.
- Compliance and Cost Savings.** We apply our extensive experience in providing comprehensive security solutions to significantly reduce risk, ensure compliance with federal mandates, and deliver significant cost savings.
- Security Services That Provide Value for Money.** With extensive experience in implementing physical security using multimodal biometrics, developing security methodologies and policies, and performing security certification and accreditation, we deliver on time or ahead of schedule and at or under budget.
- Security Assessment and Program Experience.** Our long experience in security assessment, mitigation, and policy and program development enables us to support USDA in effectively guiding the program into the future.
- Experienced Staff.** We can quickly augment government staff or meet surge support needs nationwide from our pool of more than 40 dedicated physical-security subject matter experts and more than 500 security and training professionals with military, Intelligence Community, law enforcement, and commercial security experience.
- Standards and Compliance Expertise.** We have been successful time and again in implementing risk management and continuity programs based on federal security standards, ensuring compliance with such requirements while delivering substantial cost savings.
